

HR FORUM

Vice Chair – Statement of Intent

Name of the Candidate: Milena Petrović
Company of the Candidate: Medigroup SEE

I believe HR's power lies in turning ideas into action. Throughout my career I've worked hands-on with teams facing generational differences, organizational change and high operational demands — always focusing on concrete, workable solutions rather than theory.

As Vice Chair of the AmCham HR Forum, I want to bring that same approach: creating practical initiatives members can immediately apply, sharing tested tools, and fostering open dialogue between companies.

My goal is to help the Forum become a true laboratory for modern HR — where we pilot, measure, and scale ideas that improve employee experience, strengthen leadership, and make our workplaces more resilient and inclusive.
