

Corporate and Business Law Committee Vice Chair – Statement of Intent

Name of the Candidate: Miloš Petaković

Company of the Candidate: Gecić Law

I would be honored to serve as Vice Chairperson of the Corporate & Business Law Committee. As a Partner at Gecić Law, with over 12 years of experience in corporate and commercial law, I have advised businesses ranging from startups and growing companies to multinational corporations. Working with clients across industries and jurisdictions has given me a practical understanding of the legal and regulatory challenges businesses face.

In this role, I look forward to contributing to the Committee's work, promoting practical legal guidance, and supporting constructive dialogue between the business community and regulators. Together with the Chairperson and Committee members, I aim to address emerging issues such as AI, digital transformation and evolving regulatory frameworks, while creating initiatives that provide tangible value to AmCham members and Serbia's business community.
